

Objective – Gateway Links

- > This is used to add content that makes up the gateway column/cell
- > To Present aggregated data to the end user

How To-Add Gateway Links

The Links section is usually a subsection.

1. Expand the section corresponding to the Gateway you want to modify. (See fig:1)

Figure 1: Links appearing as a subsection of a gateway called “experts”

2. Select “Add Content” from the dropdown menu. (See fig:2)
3. On the list of templates available to you, locate and click “Gateway Links”. (See fig:3)
4. Enter the Column/Cell **Name** (used as a heading), **select Image*** , add a **link** list or **supporting text**. (See fig:4)
5. Select the **cell size** to control the size of the gateway cells as shown on **fig. 5** .
6. Sometimes the gateway links to more details and one has to select section link as shown on **fig. 6** .
7. Click the drop down next to “**Save changes**”, click “**Save changes and Approve**”
