BEYOND THE MALACHITE HILLS

A Life of Colonial Service and Business in the New Africa

By Jonathan Lawley

Foreword by Lord Carrington

What hope is there for Africa? Since the heady days of decolonisation the story seems to be one of unrelenting disaster - dictatorship, ethnic conflict, civil war, and economic failure. All this has been compounded by natural disasters - including the scourge of AIDS. But there is another, less reported, story of Africa; throwing off the colonial past, gaining in pride and embracing the crucial management function; all this in the context of fruitful collaboration with Western business and, increasingly, with Asian markets.

Jonathan Lawley paints a vivid and convincing picture of solid political, social and economic progress. *Beyond the Malachite Hills* is a remarkable testament to his long-lasting and profound involvement with this often misunderstood continent.

'Every now and then one comes across a truly special memoir, and 'Beyond the Malachite Hills' deserves to become a classic of its genre: a poignant, evocative, nostalgic account of a remarkable career that was dominated by Africa. But it is much, much more than this - it is a chronicle of Europe's involvement with the continent, seen through the eyes of a man who never failed to appreciate the privileged vantage point his colour afforded him...' -- Michael Holman, Africa Editor, Financial Times (1984 - 2002)

'Beyond the Malachite Hills makes a major contribution to explaining Africa to outsiders... A really impressive account which offers a unique understanding and grasp of this period in African history.' -- Wilf Mbanga, Editor of *The Zimbabwean*

'This is a remarkable book. Jonathan Lawley's account of the elections in Rhodesia/Zimbabwe could not be bettered.' -- Professor Kenneth Ingham

'I regard Jonathan Lawley's book as an important contribution to the future development of Africa.' -- Sir Donald Tebbit

'A very good Colonial Service memoir - including excellent accounts of Jonathan Lawley's post-Colonial Service careers. A lively and important narrative.' -- Anthony Kirk-Greene, Emeritus Fellow of St Antony's College, Oxford

'For anyone interested in Africa, its recent history and its future, 'Beyond the Malachite Hills' is a must... Refreshingly frank and objective, the combination of distinguished colonial and post colonial experiences of Africa makes this book especially valuable.' -- Lord Luce

Jonathan Lawley is consultant to the Business Council for Africa. He was born in India and educated in Africa and at Cambridge. Lawley joined the British Colonial Service in Northern Rhodesia and served in post-independence Zambia. He has lived and worked throughout Africa.
