# Downloading on **Android**

1 Open {Platform URL} on your mobile browser.

2 Click 'Sign In' in the top right hand corner.

3 See a pop-up asking if you want to save to homescreen.

4 Click to add to homescreen. The app icon will now appear on your mobile device.

Downloading on iOS

1 Open {Platform URL} via **Safari.**

(Note that you MUST be using the Safari browser on iPhone)

2 Select the sharing icon at the bottom of the browser page.

3 Select 'Add to Home Screen'.

Note - Upon clicking 'Sign In' in the top right hand corner, a banner will appear at the bottom of the browser - serving as a reminder of the steps required to save the app.
