ACKNOWLEDGEMENT.

The work of organising the manuscript collection of the Cory Library for Historical Research, some of the results of which are presented in this list of accessions, has been made possible this year by a grant from the National Council for Social Research. The Librarian of Rhodes University College wishes to record his grateful thanks to the Council for its most generous assistance.

RHODES UNIVERSITY COLLEGE
CORY LIBRARY FOR HISTORICAL RESEARCH.

LIST OF ACCESSIONS, NO. 6. 1 December 1949 to 30 September 1950.

This list is an inventory of material arranged alphabetically according to the names of the signatories of items, or according to the subjects of illustrative material. Where possible items are arranged in chronological order. Pamphlets, periodicals and newspapers are not included in the list.

Items numbered 2369 to 2511 are notes and correspondence of George McKay (1827-1902), who came to South Africa from Buenos Aires, and eventually settled in East London, where he was engaged in the construction of the harbour works. His papers, which were presented to the Library by the Misses McKay through Prof. Mountain, deal chiefly with geological and archeological topics. Drawings, photographs and maps in the McKay collection are listed as PIC 212 to 247, and MP 115 to 121.

Items numbered 2517 to 2612 are the papers of Abraham Cuyler of New York and Cape Breton Island, the father of Jacob Glen Cuyler, Landdrost of Uitenhage, and deal principally with his public career as a Loyalist during the American War of Independence, and afterwards. These papers were obtained by Sir George Cory from the loft of Cuyler Manor, Uitenhage (See U. Long, "An Index to authors of unofficial, privately-owned manuscripts relating to the History of South Africa 1812-1920", Cape Town, 1947; p.306).

Items numbered 2613 to 3696 are the Ross papers, chiefly the correspondence of John Ross (1799-1878), the first missionary designated for work in South Africa by the Scottish Presbytery. He was intimately associated with the establishment of Lovedale Seminary, and worked in Kaffraria during the wars of 1835 and 1850. His sons Richard and Bryce Ross became missionaries in the same area, and letters by them are included in the collection, which was presented by Mrs. B.J. Ross.

MS 2516, from Mr. V.S. Forbes, is a copy of Colonel Robert Jacob Gordon's "Korte Stellingen omtrent de Meteorologie in het generaal: beneffens eene schets van het weer aan de Caap. De Goede Hoop in het bysonder", written late in the eighteenth century. PR 206 is a scrap-book, presented by Dr. C.G.A. Cory, which belonged to the late Sir George Cory.

The five previous Accessions Lists issued are -
