5 frogs on a small lily pad.

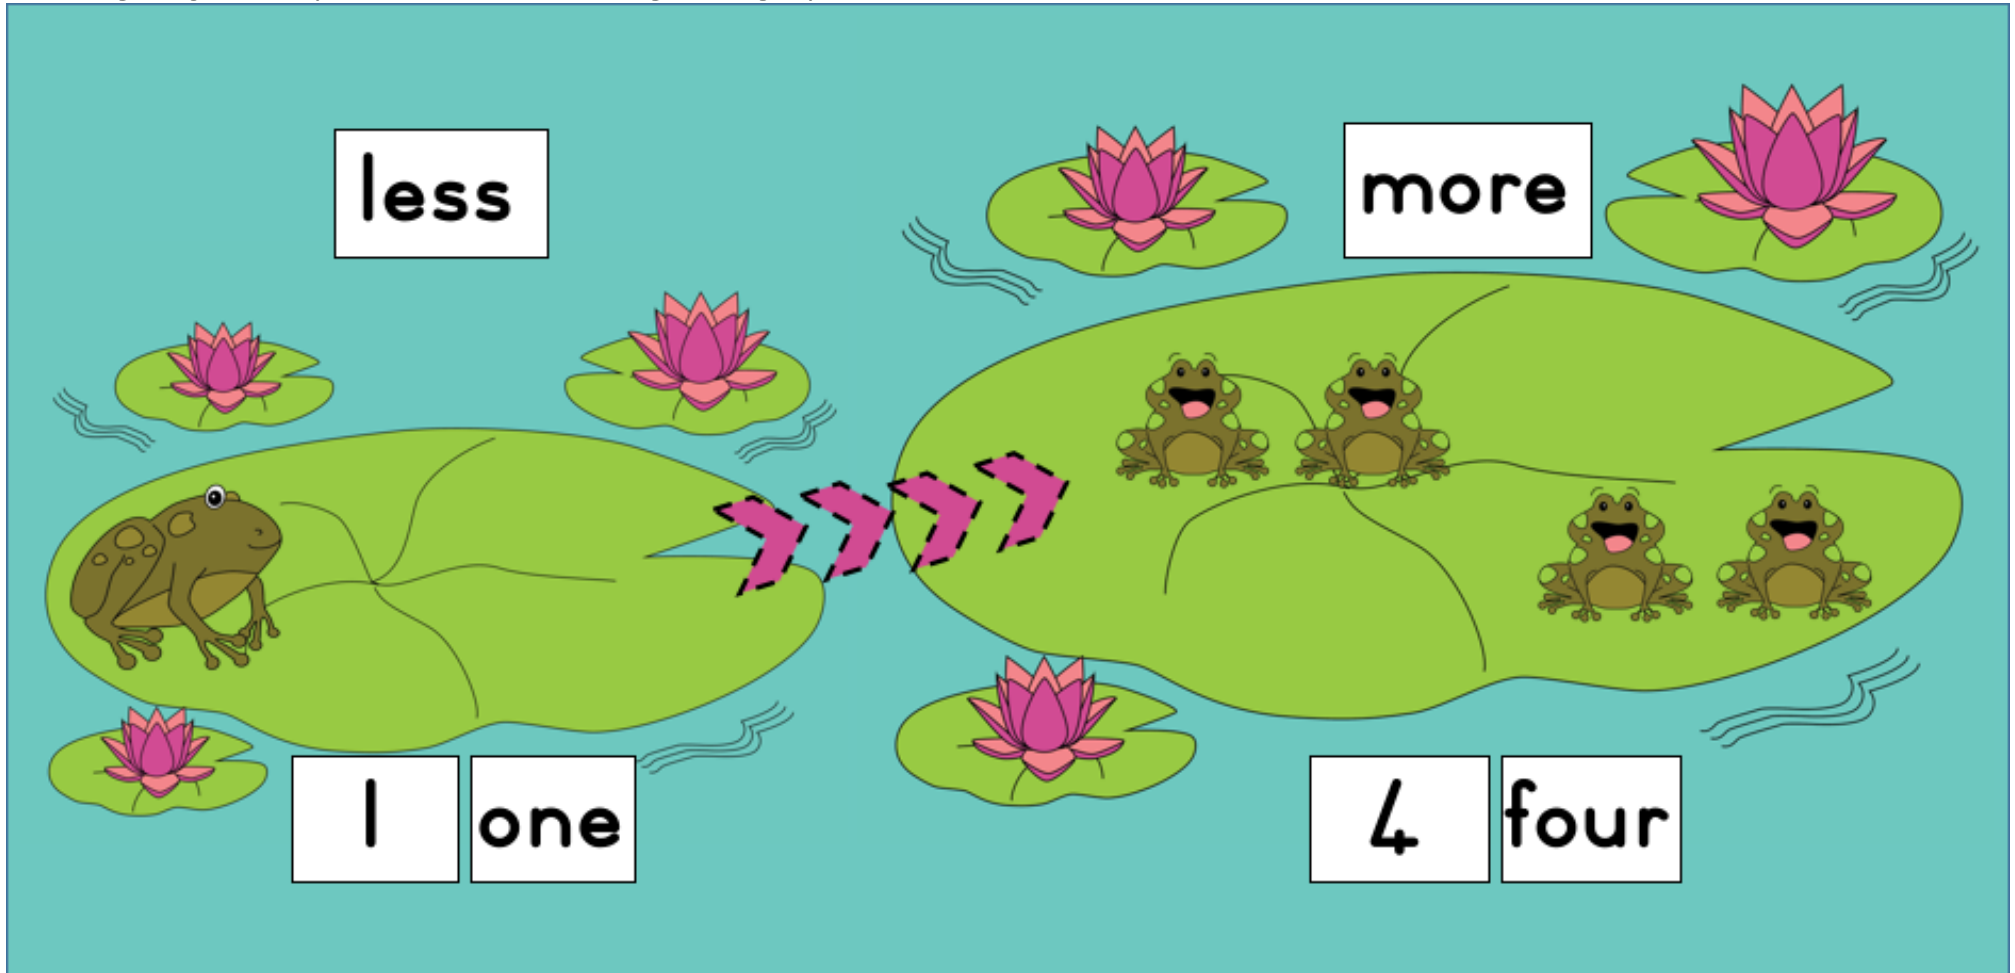

Freddie Frog is a bossy frog.  
He tells 2 frogs to jump to the big lily pad.  
What do you think happens next?

2 frogs jump to the big lily pad.

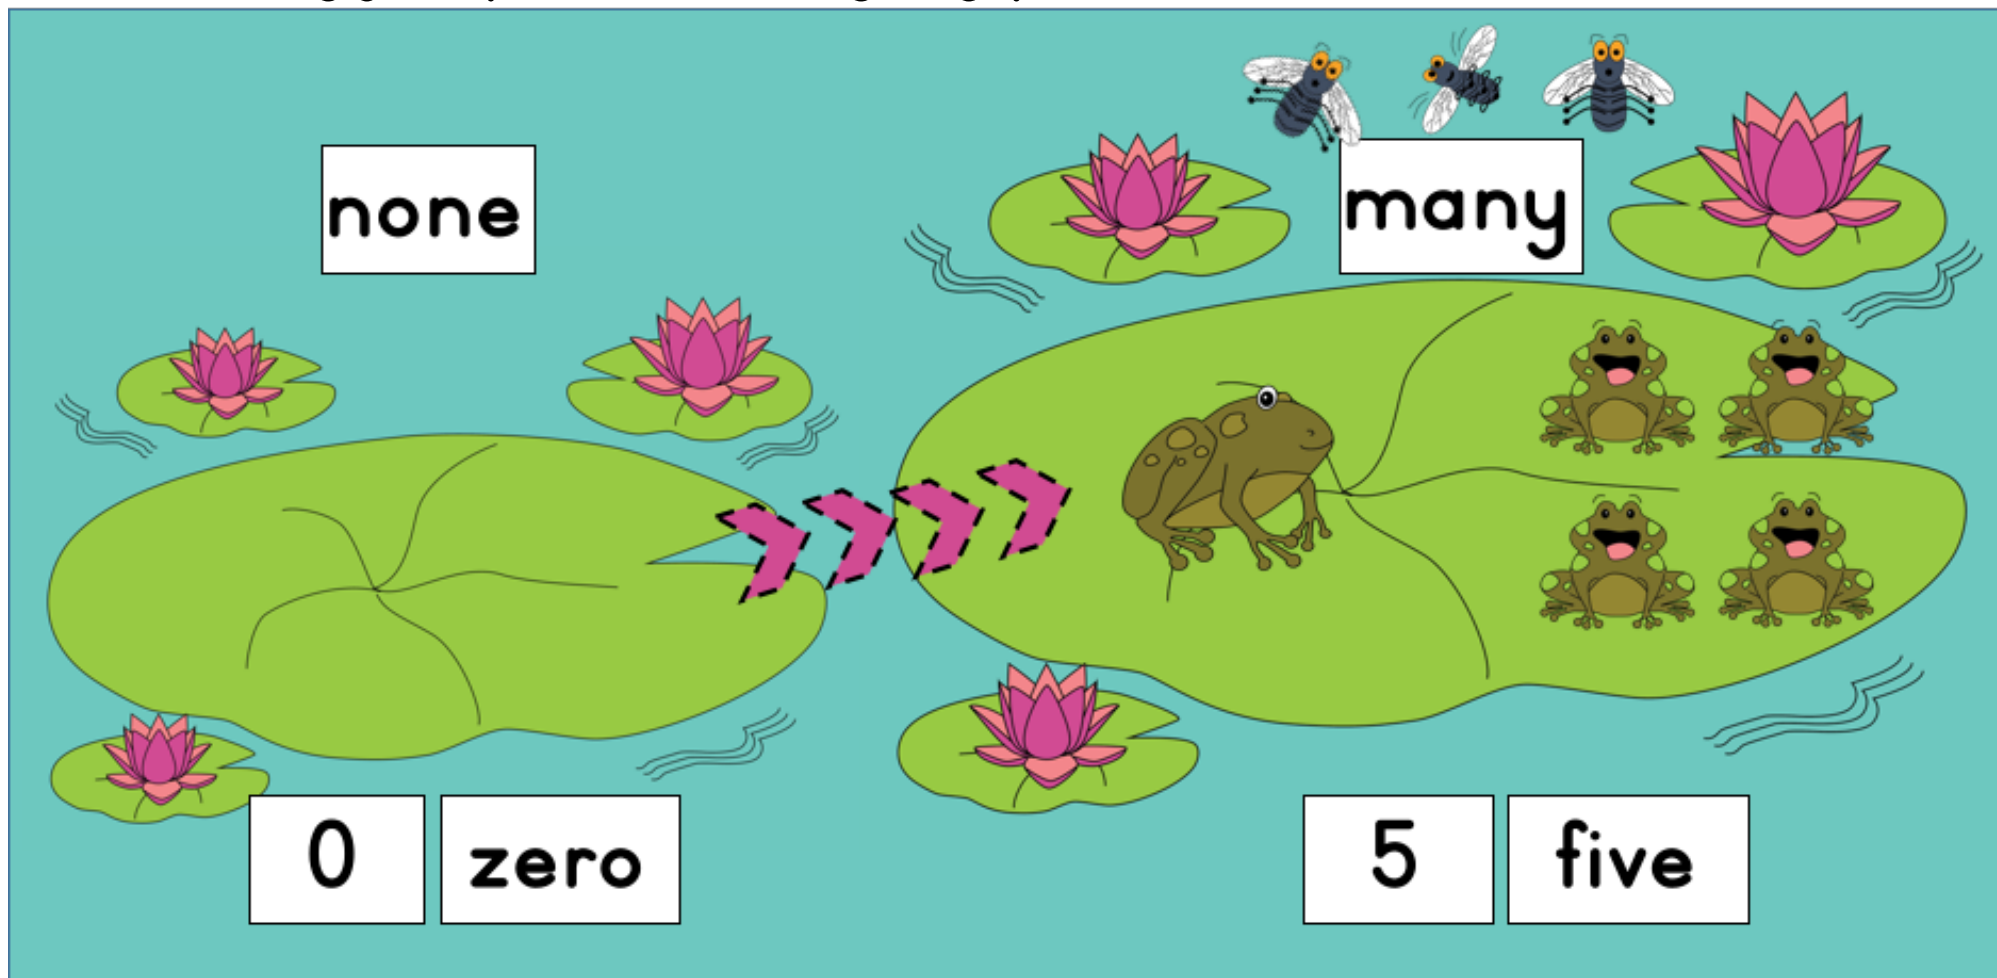

Freddie Frog tells 2 more frogs to jump to the big lily pad.  
What do you think will happen next?

# 2 frogs jump to the big lily pad.

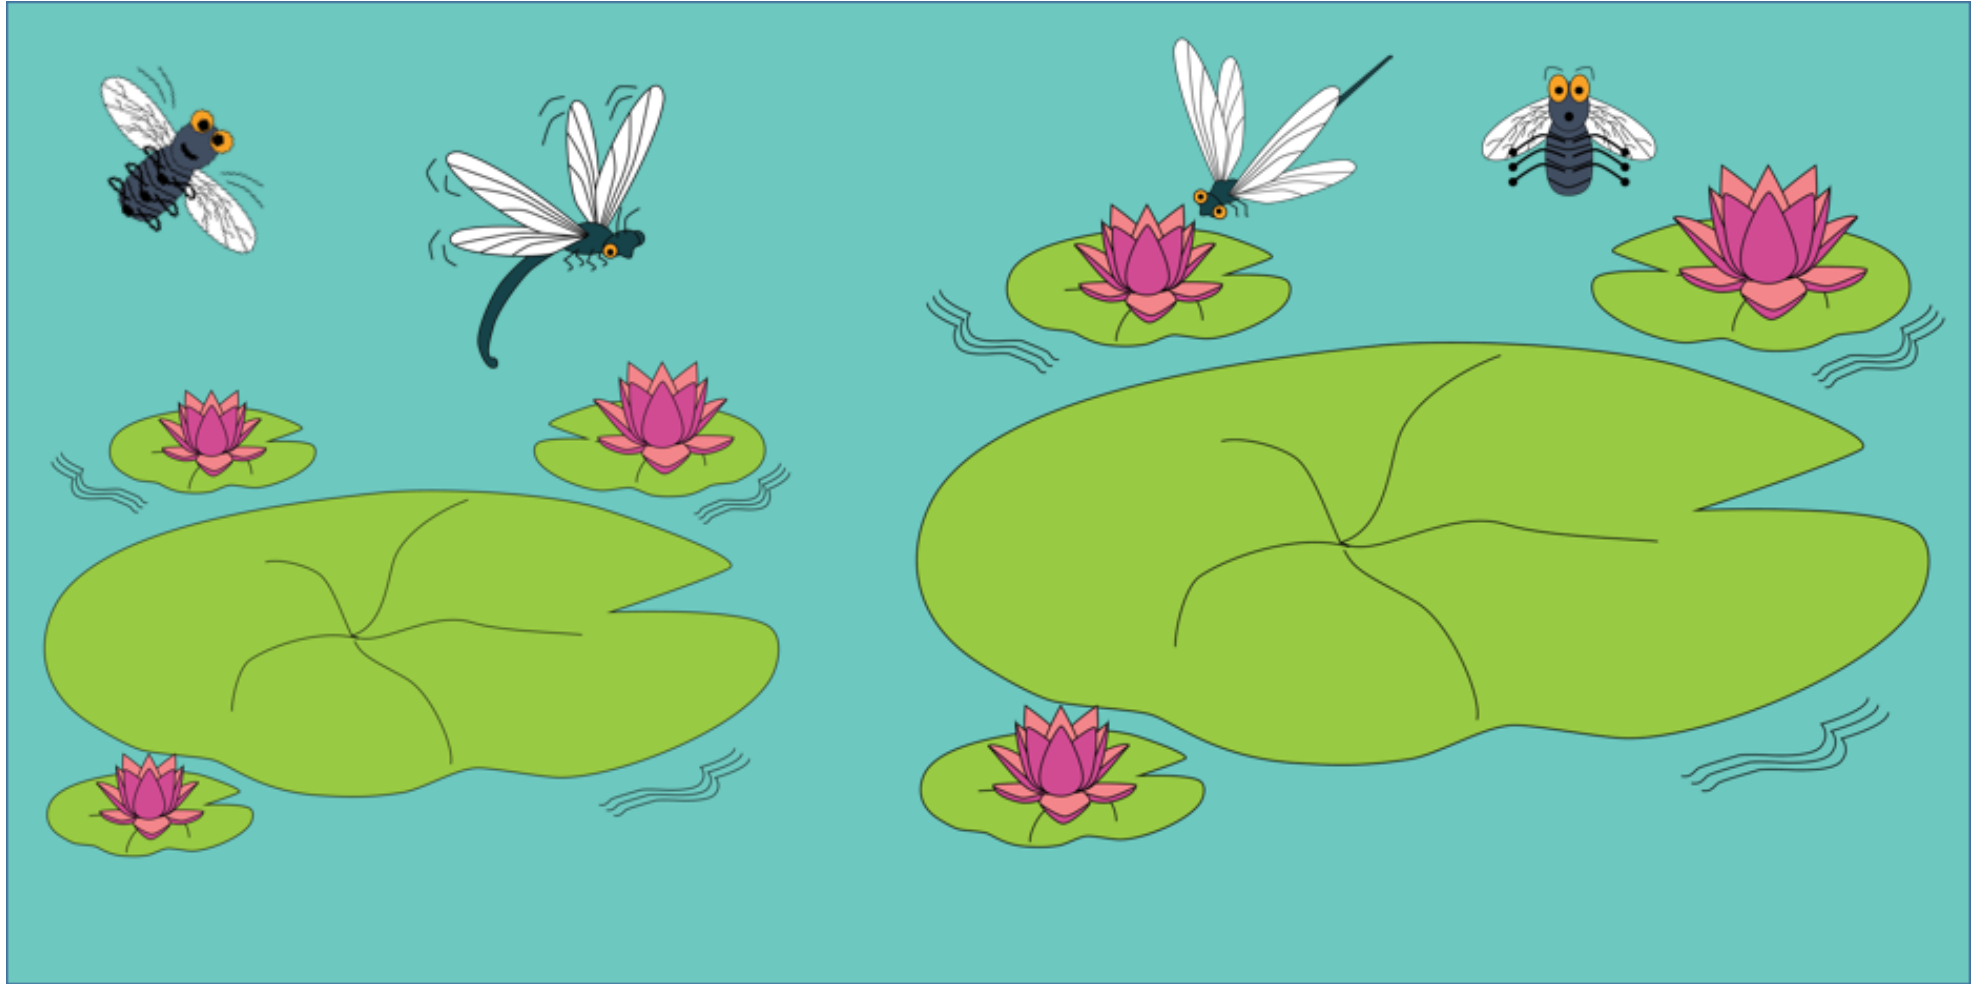

Freddie Frog does not like being alone on the lily pad.  
The 4 frogs on the big lily pad say "Come and join us."  
What do you think will happen next?

# Freddie Frog jumps to the big lily pad.

5 frogs have a frog party on the big lily pad.  
Is there a fly for each frog to eat?  
How many more flies do the frogs need?

# Tell your own number story.

Use numbers and these words in your story:

many

none

more

less

big

small

jumps
