5 children under a small umbrella

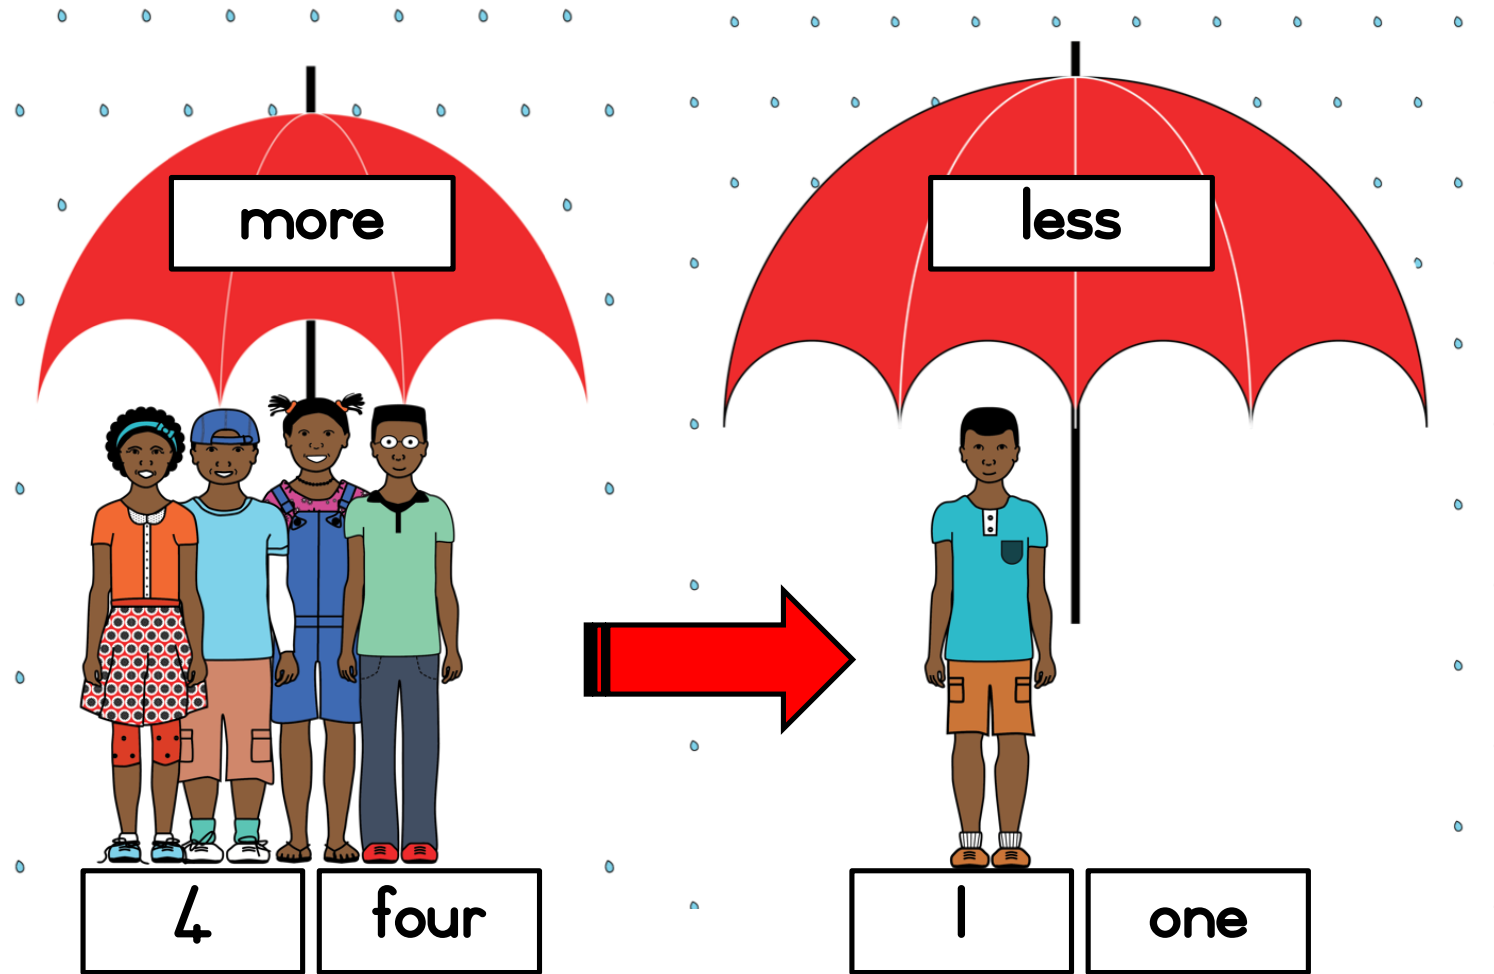

Busi sings.

There are too many children under this small umbrella.

There are no children under that big umbrella.

I child runs to the big umbrella

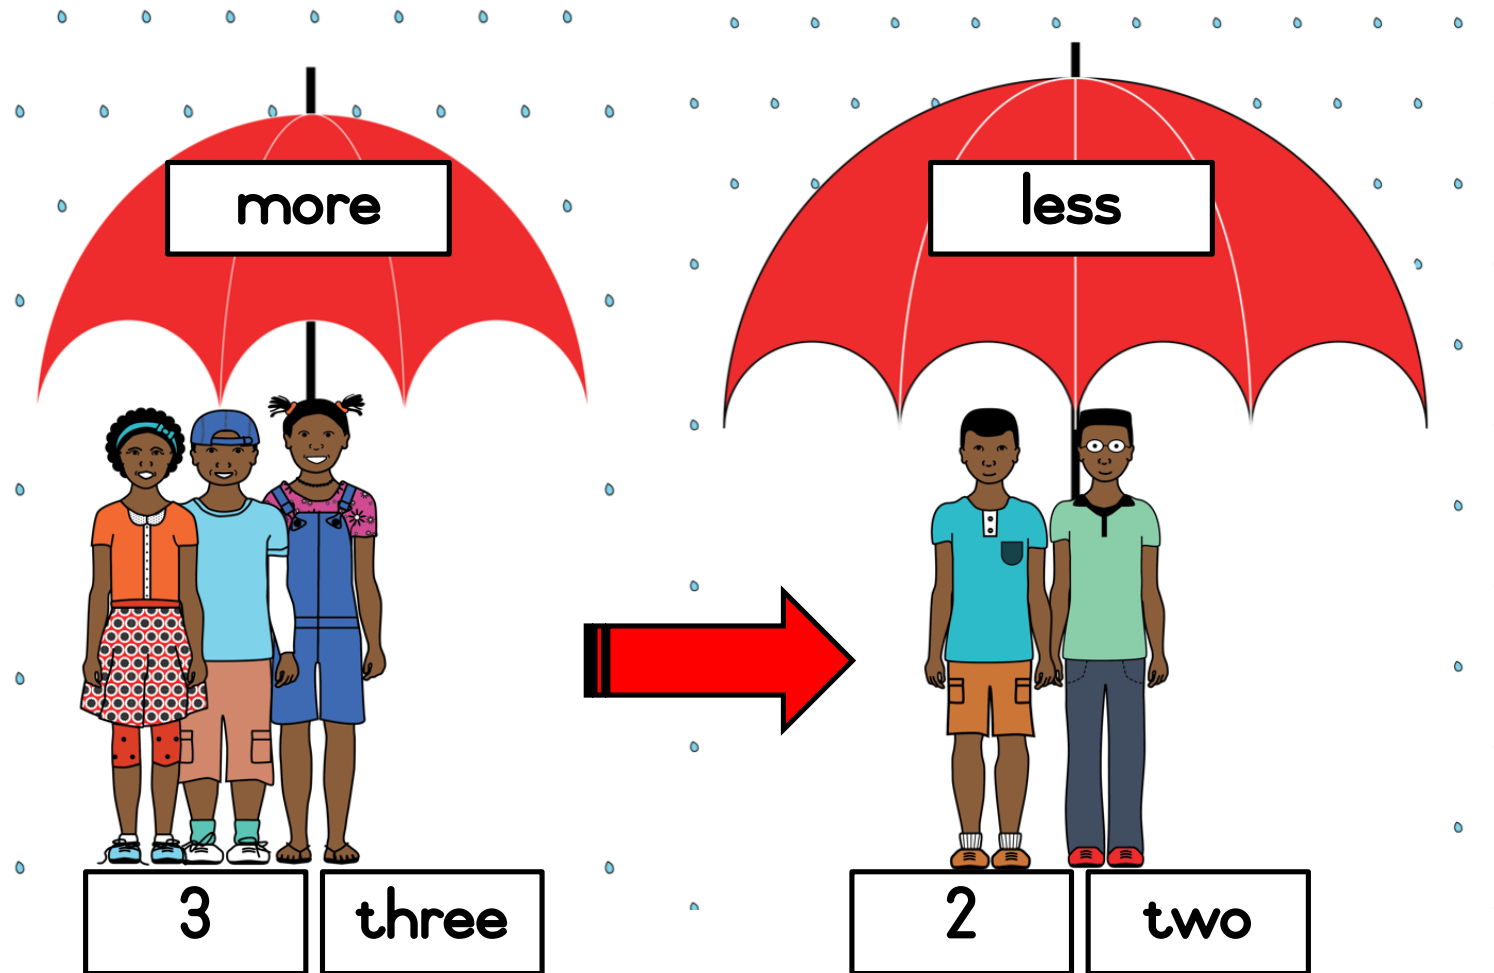

Busi sings.

There are still more children under this small umbrella
and less children under that big umbrella.

What do you think will happen next?

I child runs to the big umbrella

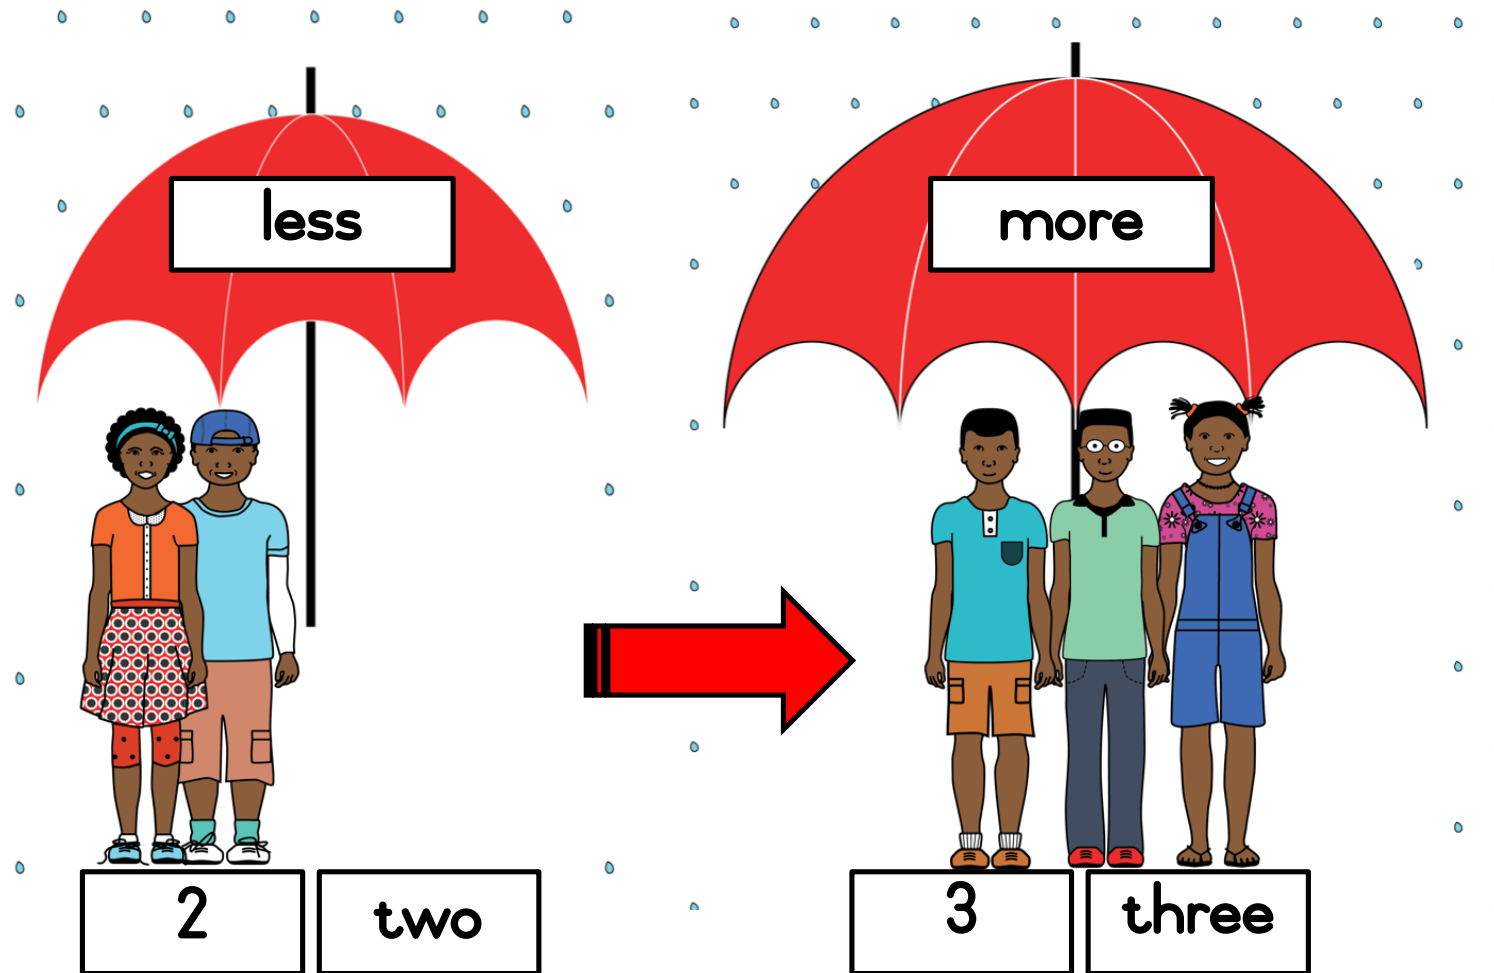

Busi sings.

There are still many children under this small umbrella and less children under that big umbrella.

Is Busi right? What do you think will happen next?

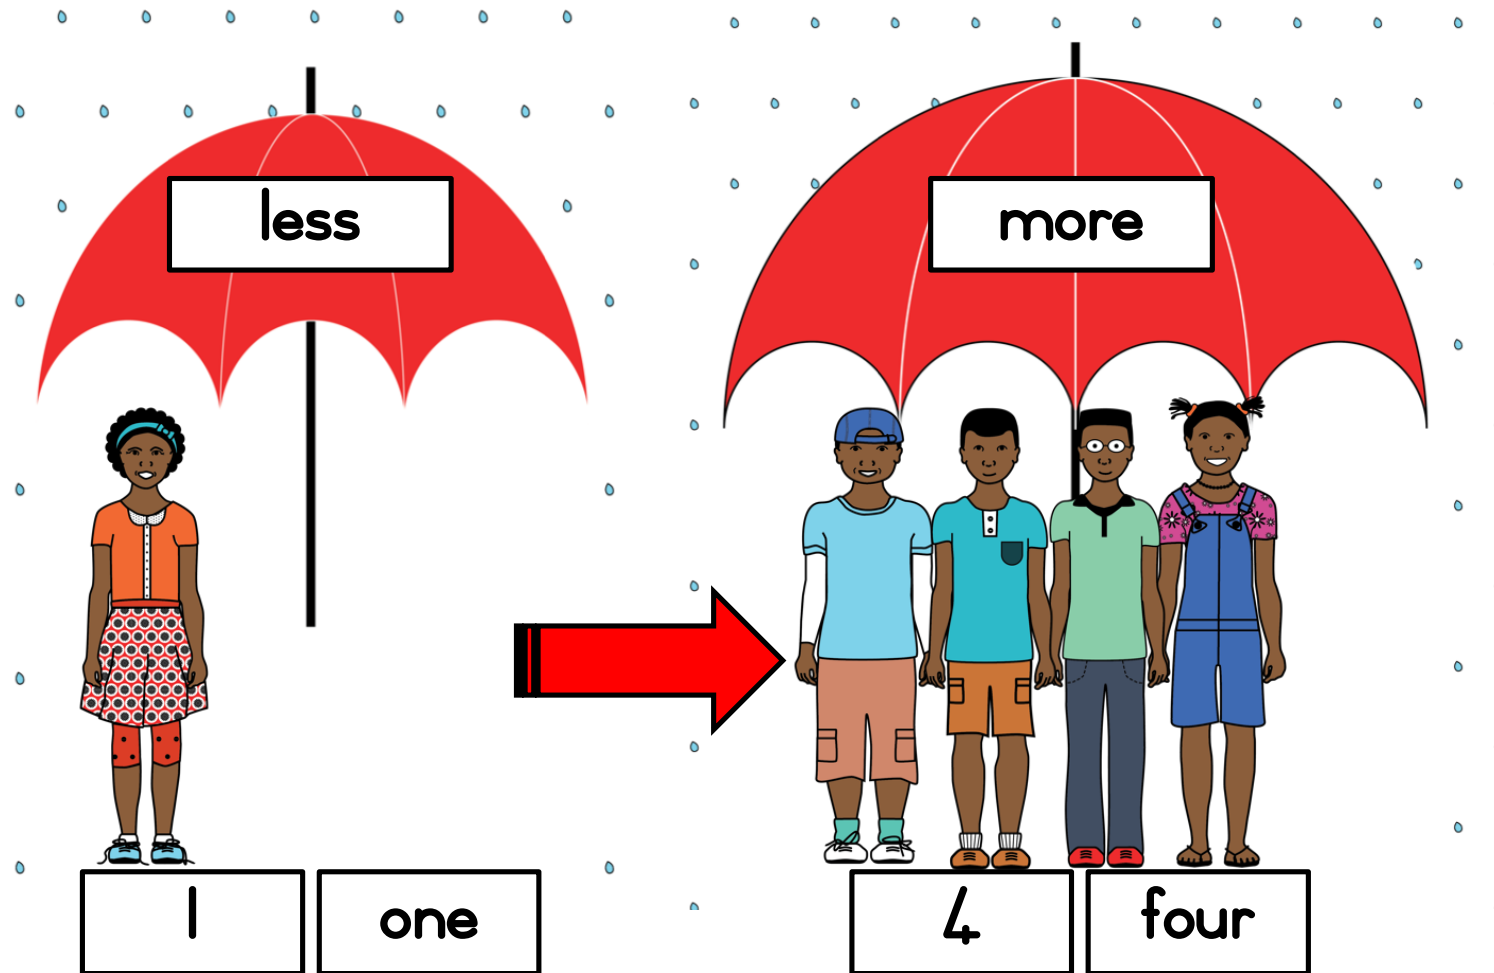

I child runs to the big umbrella

Busi sings. There are two of us under this small umbrella. Now this umbrella has less than that big umbrella.

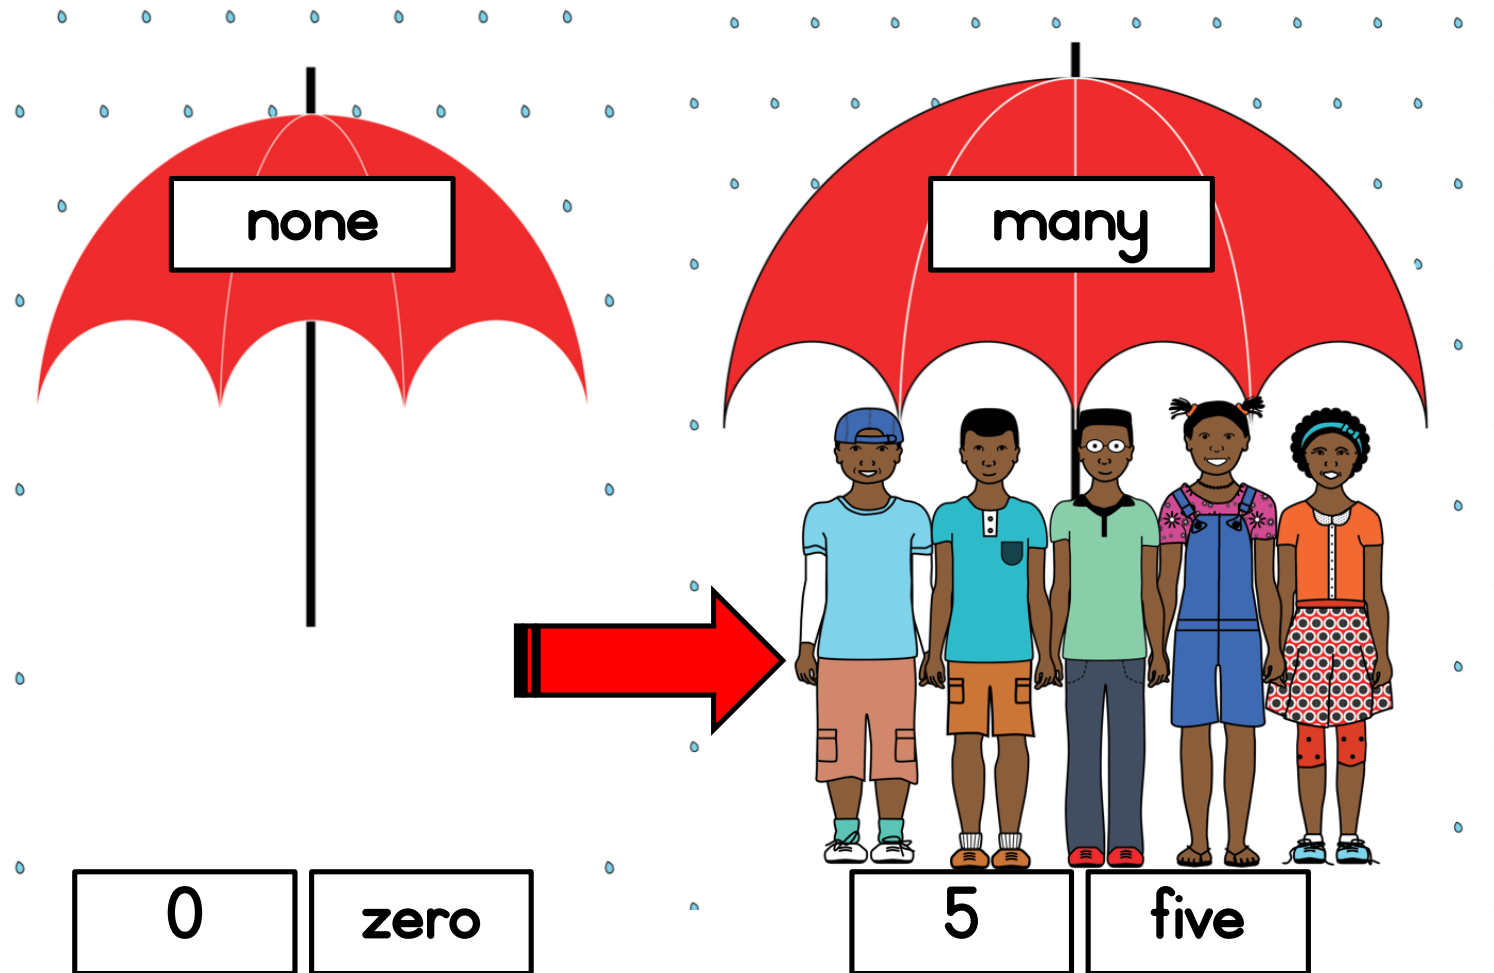

Is Busi right? What do you think will happen next?

I child runs to the big umbrella

Busi sighs. I am all alone. I am lonely.
There are many children having fun under that big umbrella!
What do you think will happen next?

Busi runs to the big umbrella

The children sing.

Five of us are having fun under the big umbrella.

Sing your own story. Use fingers, puppets or pictures to show your story.

Use numbers and words to tell your story

many

none

more

less

big

small

runs
