

# WORKING WITH MONEY @ HOME

1	Continue counting up to 200c		10c, 20c, 30c ...	20c, 40c, 60c ...		
	Continue counting up to 400c		25c, 50c, 75c ...	50c, 100c ...		
3	Count out coins in 3 different ways (use 5c, 10c, 20c and 50c) to make ..					
	85c	17c	75c	44c	64c	60c
	29c	99c	97c	80c	36c	120c
4	Count out coins in 3 different ways (use 5c, 10c, 20c, 50c, R1, R2, R5) to make ..					
	R2,05	R3,00	R3,12	R5,00	R5,60	R6,25
	R7,25	R7,10	R4,26	R8,95	R1,85	R0,40
5	Count out notes in 3 different ways to make ..					
	R80	R110	R170	R220	R90	R270
	R330	R40	R560	R30	R490	R500
6	Count out a mixture of coins and notes in 3 different ways to make ..					
	R35	R47,50	R99	R15		
	R78	R8,95	R24,90	R74,25		
7	How many cents are needed to make the next Rand (round up)?					
	R1,30	R3,60	R7,80	R5,50		
	R4,20	R2,40	R0,70	R2,10		
	R6,30	R9,80	R5,40	R8,90		
8	How many Rand?					
	130c	360c	780c	550c		
	980c	635c	895c	987c		
9	How much change is left from R10,00?					
	R9,00	R8,50	R5,50	R2,50		
10	How much change is left from R50,00?					
	R47	R38	R11	R25		
11	How much change is left from R100,00?					
	R95	R84	R51	R19		
	R20	R79	R45	R89		
12	How much change is left from R200,00?					
	R100	R110	R150	R99		
	R150	R120	R175	R198		

Once your child can do 7 to 12 well, then move onto these. If not repeat 7 to 12

<b>13</b>	<b>How many cents are needed to make the next Rand (round up)?</b>			
	R1,35	R4,65	R8,85	R3,55
	R3,27	R2,48	R0,72	R2,15
	R5,33	R9,88	R5,45	R8,96
<b>14</b>	<b>How many cents?</b>			
	R4,75	R5,76	R3,55	R9,87
	R9,99	R10,00	R12,56	R11,20
<b>15</b>	<b>How much change is left from R10,00?</b>			
	R0,99	R1,25	R2,75	R6,45
<b>16</b>	<b>How much change is left from R50,00?</b>			
	R35,50	R41,80	R49,60	R48,45
<b>17</b>	<b>How much change is left from R150,00?</b>			
	R0,99	R9,99	R29,99	R39,98
	R54,90	R68,80	R95,05	R83,10
<b>18</b>	<b>How much change is left from R300,00?</b>			
	R0,99	R9,99	R29,99	R198,50
	R194,50	R99,50	R98,75	R49,50

### Try these additional activities over the weekend

#### SHOPPING

When you go shopping with your child, get them to estimate how much the shopping will be by rounding up the prices as you add items to the trolley or basket.

#### RAND and DICE

Use the homework coins and one dice. The aim is to collect the correct number of coins to make **exactly two Rand**. Play with a friend and take turns to roll the dice. Take the correct coin from your pile as you throw the dice.

Use the numbers on the dice for these coins:

1 – R1 coin	2 – 5c coin	3 – 10c coin
4 – 20c coin	5 – 50c coin	6 – Miss a turn

The winner is the first player to reach exactly two Rand.

If taking a coin would put the player over two Rand, the player loses the turn.

*Variations:*

Make the game more difficult to find different amounts such as R1.25, R2.40 etc. Set the amount before the game starts.
